

Power Point Projects  
Genetics and Biotechnology  
Chapters 6 – 7

**Guidelines**

Topic: Each student will be assigned a topic from either chapter 6 or 7.

Power Point Presentation: Each student will prepare a power point presentation to be presented as an oral presentation in class.

The Presentation must include:

- ✓ Adequate information and a demonstration of an understanding of the assigned topic
- ✓ Interesting slides with pictures
- ✓ Review questions on the last slide

Time Limit: A 4 – 6 minute Presentation Time

- ✓ Review Question Slide and any videos longer than 30 sec will not count toward the presentation time.
- ✓ For each 15 sec under or over the time limit a letter grade will be deducted

Late Presentations: Each student will be given their assigned day. If the presentation is not ready that day a letter grade will be deducted for each day it is late.

**Grading Criteria**

- The presentation will be worth 200 points
- The project will be graded on:
  - ✓ The time limit – Was it within the time frame?
  - ✓ The power point slides – Were the required elements all included?
  - ✓ The oral presentation – Was the topic covered adequately and interestingly?
